## WORD POWER GAMES - HUB SERIES

Createspace, United States, 2014. Paperback. Book Condition: New. 254 x 203 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Welcome to the latest publication from Word Power Games (.com) and introducing the HUB series , a range of 5 games (HUB-25/ 36/ 49/ 64/ 81) which gets progressively larger and challenging throughout the book. HUB is a word building and points based game and in each game there is a limited quota of letters for you to use each life . You have a determined amount of lives each game in which you will introduce two or three letters creating a new word(s) every time. Built into the grid is a points system ( a number for each row and column) - and through a keen awareness of this as you place your letters and build your words, you will amass your points total. Playing HUB, you will need to have sharp word building skills in various ways, as apart from creating new words you will have to extend existing words already in the grid to maximise the potential of your lives and letters introduction - and, to maximise your points total! The challenge is to try and use all your lives each game to elevate your scores, because if you can t form any new words in any given life the game is over and you then count up your points total. As with all the original game types at Word Power Games the player will utilise their vocabulary and numerical skills to provide their own solutions for each and every game. which means every game will be unique to them, every single time. You want a new challenge? then come and play my unique word games. all of them giving you the power ! Try...
