

First Flight: A Beginner's Guide to Rc Airplanes: How to Buy the Right Plane and Teach Yourself to Fly!

By Stephen Weber

Weber Books, United States, 2014. Paperback. Book Condition: New. 214 x 149 mm. Language: English . Brand New Book ***** Print on Demand *****.It's a lot easier to fly RC planes now than it used to be. There's been a revolution, thanks to the miniaturization and lower cost of tiny electronics and rechargeable batteries. These days you can buy a ready-to-fly plane, charge the battery, and be in the air within an hour. And that's part of the problem. Now it's so easy to get into the air, you can get there long before you're ready. No matter how smart they are, thousands of people every year jump into the RC plane hobby, and many repeat the same mistakes. The most common mistakes are: Buying the wrong plane. Lots of folks get into the RC plane hobby by buying a Porsche when they should have bought a Chevy. You've got to buy a plane that matches your skill level - one that can fly slowly until you've learned to control the plane. You need a durable plane that can withstand several hard landings without cracking into pieces. Luckily, many of the inexpensive planes...
