University Programs in Computer Aided Engineering, Design, and Manufacturing: Proceedings of the Seventh Annual Conference Sponsored by Apple Compute

By Ken Chong, Bruce R. Dewey, Kynric M. Pell

American Society of Civil Engineers. Hardback. Book Condition: new. BRAND NEW, University Programs in Computer Aided Engineering, Design, and Manufacturing: Proceedings of the Seventh Annual Conference Sponsored by Apple Compute, Ken Chong, Bruce R. Dewey, Kynric M. Pell, The University Programs in Computer-Aided Engineering, Design, and Manufacturing (UPCAEDM) annual conferences provide for the presentation and exchange of ideas related to current developments in the use of computers in multi-disciplinary engineering education and research environments. Organized around the theme 'Networking in Engineering Colleges', the present conference deals with new trends in computer-aided engineering applications of computer-aided design, manufacturing automation, and networking. UPCAEDM provides a forum for leaders from education, industry, and government to focus on issues related to the automation of engineering practice.
