CICO Books. Hardcover. Book Condition: New. Hardcover. 208 pages. Dimensions: 9.3in. x 7.6in. x 1.1in. Do you know what's in your wine? Wine-making has become ever-more unnatural, from the use of blanket crop-spraying in vineyards, to the over-use of sulphites, but finally someone is doing something about it. Isabelle Legeron MW, otherwise known as That Crazy French Woman, is leading the campaign for natural wine - wine made as nature intended. There is no official description of natural wine, but a rough definition is that it is made from grapes that are farmed organically or biodynamically and harvested manually, and that the wine should ideally be made without adding or removing anything during the vinification process. It is basically good old-fashioned grape juice fermented into wine, just as nature intended. That Crazy French Woman is a crusader for the natural wine movement: she has her own show on the Travel Channel, organises a hugely successful annual natural wine festival (RAW) in London, and acts as adviser to several leading restaurants. Just as the craft beer movement has taken off across the globe, the demand for natural wine is growing and will continue to do so. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Hardcover.
