Loans can contribute to poverty reduction, to fill the deficit of budget gap, to build big construction such as bridge, roads, public buildings, educational institutions etc. But critique of foreign aid such as Andre Gudner Frank argues that foreign aid is a means of domination, dependency, exploitation to the third world developing countries. Foreign aid both grants and loans has impacts on the economy of Bangladesh. It contributes to the development works like bridge, roads, highways, infrastructural works etc. But it is also leading to growing indebtedness, dependency, domination etc. Padma Bridge project is the most recent and best example of foreign aid as means of development or dependency of a country. World Bank is...
